Presents

AL TACHO

an epic and absurd adventure

“Al Tacho”

Two mysterious characters burst onto the scene to share their absurd ideas.

They pursue outlandish goals in order to reach epic destinations. A pile of buckets serves as the pretext to challenge the imagination, filling the stage with poetry and laughter through ordinary objects. Playing with the magic of height and its power, they confront balance, and join forces to conquer new horizons.

Duration:40 minutes
Artists:Dolores Ruiz and Roque Niklison
For all audiences

A show with the freshness of street theatre and the tone of contemporary circus, which, in an interactive exchange with the audience, displays with humour and an idyllic air skills such as hair-hanging suspension, balancing on a 5-meter-high unicycle, and acrobatic feats.

Technical rider:

Outdoors:

- A free area measuring 8 m x 8 m for assembling the self-supporting structure.
- Flat, firm ground. If the performance is to take place on grass, a stable stage/floor is required in order to put on the show (for example, a wood stage, measuring 8,5 m x 8,5 m) It is not possible to perform directly on the grass or in a irregular stone floor.
- Vehicle access to the performance site for loading and unloading.
- At least Two volunteers are needed to help assemble and dismantle the structure. IDEAL, FOUR VOLUNTEERS DURING 40 MINUTES FOR ASSEMBLE.
- Setup time: two hours and half.
- Setdown time: one and half hour.

Indoors:

-The space must be available at least three hours in advance for set-up and lighting tests.

-Stage space measuring 8 m x 8 m, with a clear airspace height of 6,5 meters.
